

BRITISH COLUMBIA UTILITIES COMMISSION	
ORDER NUMBER	COM-6-81

PROVINCE OF BRITISH COLUMBIA
BRITISH COLUMBIA UTILITIES COMMISSION

IN THE MATTER OF the Utilities Commission
Act, SBC 1980, c. 60

and

IN THE MATTER OF COM-4-80, COM-5-80,
COM-6-80, COM-13-80 and U-COM-1-80

BEFORE:	D.B. Kilpatrick,)	
	Chairman;)	
	J.D.V. Newlands,)	
	Commissioner; and)	May 13, 1981
	B.M. Sullivan,)	
	Commissioner)	

O R D E R

WHEREAS the British Columbia Petroleum Corporation
("B.C.P.C.") was declared a common purchaser of natural gas
from the Rigel Dunlevy "F" Pool ("Pool") by Orders COM-4-80,
COM-5-80, COM-6-80 and COM-13-80 (the "Common Purchaser Orders");
and

WHEREAS the British Columbia Utilities Commission
issued Order U-COM-1-80 which varied the Common Purchaser Orders
and included the following clause, amongst others:

"2. That portion of total pool production allocated to
the new producer will be taken from the existing
contracts in the pool in such proportions as will
maintain the relative share of pool production of
each existing producer prior to the effective date
applicable to the new producer, by such method and
timing as may be agreed upon by the interested
parties to achieve that result."; and

.../2

WHEREAS the B.C.P.C. has advised the Commission that it has been unable to negotiate an allocation of contract volumes with existing producers to allow the production of natural gas in accordance with the Common Purchaser Orders as varied by U-COM-1-80; and

WHEREAS the Commission concludes that in order to ensure that the intent of the Common Purchaser Orders is met it must order the variation of the contracts of the producers subject to the Common Purchaser Orders.

NOW THEREFORE the Commission hereby orders as follows:

1. The obligation of B.C.P.C. to purchase gas from each contract providing for delivery of gas from the Pool shall be reduced at the time that the first effective date (determined pursuant to Order U-COM-1-80) occurs in respect of the Pool. The reduction shall apply to each contract in force at that time and shall be a percentage of the maximum volume of gas which B.C.P.C. is obliged at the time of reduction to purchase each day or each year (whichever is specified in the contract) applicable to lands within the Pool. The percentage shall be the same as the percentage which the daily gas allowables of the wells or designated areas of the contract of the new producer is of the total of the daily gas allowables for the Pool.
2. The obligation of B.C.P.C. to purchase gas from each contract providing for delivery of gas from the Pool shall be further reduced at the time that the second and each subsequent effective date occurs in respect of the Pool. The reduction shall apply to all contracts (other than contracts entered into pursuant to the Common Purchaser Orders) in force at the time of each such effective date. The provisions of paragraph 1 shall apply mutatis mutandis in determining the amount of the reduction.
3. B.C.P.C. shall forward a copy of this order to each person who is a party to a contract which provides for delivery of gas from the Pool.

BRITISH COLUMBIA
UTILITIES COMMISSION

ORDER

NUMBER COM-6-81

3

DATED at the City of Vancouver, in the Province
of British Columbia, this 13th day of May, 1981.

BY ORDER

D. B. Kilpatrick

Chairman,
Pursuant to
Utilities Commission Act
Section 5.(5)
