O R D E R

WHEREAS Pacific Northern Gas Ltd. ("PNG") filed an Application on December 7, 1989 to pass-through changes of Westcoast Energy Inc.'s ("WEI") demand and commodity tolls and gas commodity charges effective November 1, 1989; and

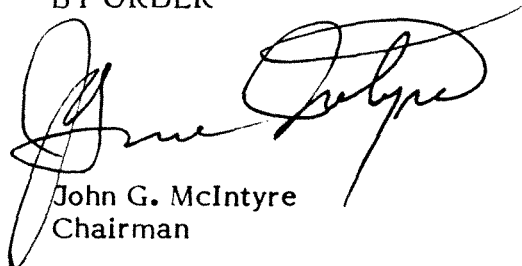

WHEREAS PNG amended its Application on January 23, 1990 and requested the Commission approve the use of a deferral account including sub-accounts in the amount of approximately \$264,000 to account for changes in WEI's demand and commodity toll charges and gas commodity costs for the months of November and December, 1989; and

WHEREAS the Commission has reviewed the Applications and is satisfied that the procedure of using a deferral account to account for toll charge changes properly conserves the public interest.

NOW THEREFORE the Commission approves for PNG the use of a deferral account and sub-accounts by customer classification in the amount of approximately \$264,000 to account for WEI's toll and commodity charge changes for the months of November and December, 1989.

DATED at the City of Vancouver, in the Province of British Columbia, this 2nd day of February, 1990.
