Dear Mr. Reghelini:

Re: Centra Gas British Columbia Inc.  
Customer Complaint - Chemainus Dry Cleaning

Further to the Commission's review of the Chemainus Dry Cleaning customer complaint concerning the Natural Gas Rate Classification, the Commission has reviewed this matter along with input from Centra Gas and makes the following ruling:

1. The LGS-2 rate is to be extended to Chemainus Dry Cleaners until August 31, 1995 at which time, following Centra Gas' review of the annual gas consumption, the customer may be reclassified to the proper rate.
2. All future customers served under rate schedules which require consumption of minimum annual quantities, are to be advised in writing at the time of sign-up, that minimum volumes of gas are required to be consumed.
3. All future and existing customers served under Centra Gas' rate schedules which require consumption of minimum annual quantities, are to be advised in writing, that a rate reclassification may occur should their annual quantities of gas consumed be less than the minimum required.

Yours truly,
