Dear Mr. Hobbs:

Re: West Kootenay Power Ltd.
Walden Hydroelectric Project

By way of a letter dated October 18, 1993 the Commission approved a 50 percent investment by WKP in the above project. On August 30, 1994 WKP notified the Commission that the investment would be increased to 100 percent and that in all other material respects, the original proposal had not changed.

Commission staff requested further information from WKP on September 8, 1994 and responses to their queries were received by the Commission on September 19, 1994.

The Commission has reviewed the information provided and continues to approve the investment in the project subject to the following:

1. That WKP will be held harmless against any liabilities of the project; and
2. That the Commission be provided with copies of the executed Purchase, Partnership and general operating Agreements.

Yours truly,

A handwritten signature in black ink, appearing to read "R. J. Pellatt", written over a horizontal line.
