Dear Mr. Masuhara:

Re: Squamish Gas Co. Ltd.
Application - Approval to Sell Propane Equipment

Pursuant to Section 59 of the Utilities Commission Act, the Commission approves the disposal of utility assets, at fair market value, as set forth in your November 28, 1996 application, namely, the propane storage tanks and related equipment firstly to BC Gas Utility Ltd. and ultimately to Sun Peaks Utilities Ltd. for use in their underground propane grid system located at a major new resort complex north of Kamloops, B.C. at Todd Mountain, effective immediately.

Yours truly,

Robert J. Pellatt
