Dear Mr. Skogstad:

Re: Electric Utility Filed Tariffs

With reference to your November 8, 2001 letter asking the Commission to reconsider its October 31, 2001 decision and order electric utilities to delete references in their tariffs and terms and conditions of service to the presence or absence of electric heat, the Commission has reviewed your request and confirms its previous decision.

As requested, enclosed with this letter are copies of the following electrical utility tariffs and terms and conditions of service to customers:

British Columbia Hydro and Power Authority

- Terms and Conditions of Service: Index and the Electric Tariff as it applies to customers connecting to the system. We have not provided a full copy of the lengthy terms of the tariff, but have included the index pages for your reference. Please note that B.C. Hydro's Electric Tariff is available from their web site at <http://eww.bchydro.bc.ca/customerservice/rates/electrictariff.html>.

If you still require other sections of B.C. Hydro's tariff we would be pleased to send them to you.

West Kootenay Power Ltd.

- Terms and Conditions of Service Sheets A through Z.

Princeton Light & Power Company, Limited

- Terms and Conditions of Service

The Corporation of the City of Nelson

- By-Law 2337 as it applies to that utility's service to its customers.

Hemlock Valley Electrical Services Ltd.

- Terms and Conditions of Service

Silversmith Power & Light Corporation

- Terms and Conditions of Service

Yours truly,
