IN THE MATTER OF  
the Utilities Commission Act, R.S.B.C. 1996, Chapter 473

and

An Application from British Columbia Hydro and Power Authority  
for an Adjusted Customer Baseline Load Calculation  
for a Rate Schedule 1854 Industrial Customer

**BEFORE:** P. Ostergaard, Chair )  
B.L. Clemenhagen, Commissioner ) July 30, 2001

**O R D E R**

**WHEREAS:**

- A. Commission Order No. G-65-01 approved for British Columbia Hydro and Power Authority ("B.C. Hydro") Rate Schedule 1854 – Power Smart Industrial Rate as a pilot program effective July 1, 2001 to July 31, 2002. Order No. G-65-01 also approved Tariff Supplement No. 59, the Power Smart Industrial Rate Pilot Program Agreement; and
- B. Rate Schedule 1854 states that the Customer Baseline Load ("CBL"), as set out in Tariff Supplement No. 59, contains three items that are determined in general by averaging the customer's electricity use history over the most recent three years; and
- C. On July 25, 2001, B.C. Hydro, on behalf of Canadian Forest Products Ltd.'s ("Canfor") Pulp and Paper Operations in Prince George, applied to the Commission for approval to determine Canfor's CBL based on its electricity use over an 11-month period from August 2000 to June 2001. B.C. Hydro also proposed to adjust Canfor's consumption in October and November of 2000 to remove the impacts of an extended maintenance shutdown; and
- D. Canfor provided independent demand and energy information to verify the CBL adjustments requested; and
- E. The Commission has reviewed the B.C. Hydro application and finds that approval is in the public interest.

**NOW THEREFORE** the Commission approves for B.C. Hydro the adjusted CBL calculations for Canfor under Rate Schedule 1854 and Tariff Supplement No. 59, as filed on July 25, 2001.

**DATED** at the City of Vancouver, in the Province of British Columbia, this 31<sup>st</sup> day of July 2001.
