Dear Mr. Isherwood:

Re: Aquila Networks Canada (British Columbia) Ltd./  
British Columbia Hydro and Power Authority  
South Okanagan Supply Reinforcement Project – Order No. C-3-03

This letter is in reply to your letter of April 28, 2003 wherein you asked for clarification regarding the final sentence of Section 7.0 of the above noted Order and Reasons for Decision.

The Commission confirms that the intent of the last sentence was to acknowledge that the provincial loss savings were being shared appropriately through the mechanism of the amended wheeling rate under the General Wheeling Agreement.

Yours truly
