**WHEREAS:**

- A. On July 18, 2005, Terasen Gas Inc. ("Terasen Gas") filed for Commission approval effective February 1, 2006 a Bypass Transportation Agreement ("the Agreement") with Husky Energy Marketing Inc. ("Husky") dated June 1, 2005 (the "Application"); and
- B. The Agreement would replace the current Amended and Restated Bypass Transportation Agreement with Husky Oil Operations Limited that is filed as Rate Schedule 22A Tariff Supplement No. G-9. In the Application, Terasen Gas requested that Tariff Supplement No. G-9 be cancelled effective February 1, 2006; and
- C. The Agreement has an initial term of 10.75 years, covering the period February 1, 2006 to November 1, 2016. After the initial term, the Agreement will continue in effect from year to year unless Husky terminates the Agreement by giving 12 months written notice; and
- D. If Husky terminates the Agreement prior to November 1, 2026, it will pay to Terasen Gas the remaining undepreciated value of the bypass pipeline facilities that Husky would have needed for the increased volumes; and
- E. The Agreement recognizes Husky's increased consumption volumes and provides for a rate that is based on the \$1,179,679 estimated cost of bypass facilities that would be needed to deliver the increased volumes; and
