NOTICE OF ORAL PUBLIC HEARING

Date:	Tuesday, July 24, 2007
Time:	Commencing 9:00 a.m.
Location:	Penticton Lakeside Resort and Convention Centre 21 Lakeshore Drive W. Penticton, B.C.

THE PROJECT

The 2005 Capital Expenditure Plan of FortisBC Inc. ("FortisBC") included the Naramata Substation Project to rebuild the Naramata substation at a different site. In Order No. G-52-05 that responded to the 2005 Capital Expenditure Plan, the Commission approved the project. In letters dated March 15 and April 10, 2007, FortisBC reviewed its selection of a site for the new substation, and advised that it was proceeding to construct the substation on the Gibbard property site on Arawana Road rather than the Fire Hall site at Naramata Road and Debeck Road.

THE REGULATORY PROCESS

In response to correspondence from a number of interested parties referencing concerns about FortisBC's decision to proceed at the Arawana site, by Order No. G-42-07 the Commission established an oral public hearing into the siting of the substation, and directed FortisBC to file a Report on the siting options by April 30, 2007. Order No. G-51-07 and Letter No. L-40-07 established the Regulatory Timetable for the proceeding, with the oral hearing to commence on Tuesday, July 24, 2007 at 9:00 a.m. at the Penticton Lakeside Resort and Convention Centre.

The Commission Panel will provide an opportunity for Intervenor who are not represented by Counsel to make a brief oral submission to the Commission Panel during the Hearing. Intervenor wishing to do so, should register with Commission Counsel by Friday, July 20, 2007.
