Dear Mr. Weisberg:

Re: Heiltsuk Tribal Council and Shearwater Marine Limited ("Heiltsuk/Shearwater")  
Letter of Complaint Pursuant to Commission Order No. G-30-02  
Letter of Complaint Pursuant to Section 25 of the Utilities Commission Act ("UCA")

On August 13, 2007, the Commission issued Order No. G-92-07 which determined that the two complaints made by Heiltsuk/Shearwater ("Heiltsuk Complaints") against Central Coast Power Corporation ("CCPC") and the British Columbia Hydro and Power Authority ("BC Hydro") would be held in abeyance until the completion of the oral phase of Phase II of the BC Hydro 2007 Rate Design Application ("2007 RDA Phase II").

In Commission Order No. G-92-07, the Commission Panel for the review of the Heiltsuk Complaints stated that it wished to hear submissions from all parties involved with respect to the format and timetable for the examination of the two complaints. However, the Panel is also of the view that parties involved may be in a better position to make their submissions after the Commission issues its Decision on the 2007 RDA Phase II.

By this letter, the Commission Panel proposes that the submissions contemplated by Order No. G-92-07 be made in writing to the Commission five business days from the date the Decision on Phase II is issued. Any party who objects to the postponement in filing of submissions until such time should inform the Commission in writing with reasons for its objection(s) by Wednesday, November 7, 2007.

Yours truly,
