Dear Mr. Loski:

Re: Terasen Gas Inc. and Terasen Gas (Vancouver Island) Inc.
Project No. 3698512/Order No. G-102-08
2008 Energy Efficiency and Conservation Programs Application

On May 28, 2008 Terasen Gas Inc. and Terasen Gas (Vancouver Island) Inc. (collectively "Terasen" or the "Companies") filed an Energy Efficiency and Conservation Programs Application ("Application").

Commission Order G-102-08 requested that the Companies and Intervenors provide comments on further procedure by August 27, 2008. In response to Order G-102-08, the Commission received replies from the B.C. Ministry of Energy, Mines and Petroleum Resources, British Columbia Hydro and Power Authority ("BC Hydro"), B.C. Sustainable Energy Association and the Sierra Club of British Columbia ("BCSEA"), the Commercial Energy Consumers Association of British Columbia ("CEC"), B.C. Old Age Pensioners' Organization et al. ("BCOAPO") and Terasen.

BCSEA and BCOAPO requested that Intervenors be allowed the opportunity to submit a second round of Information Requests. The CEC and BC Hydro submitted that although they did not require a second round of Information Requests, they did not object to another round should it be deemed necessary by others. Terasen submitted that the record on the application is substantial and that a further round of information requests is not necessary or warranted.

In its August 27, 2008 letter, BC Hydro stated that it intended to file Intervenor evidence by Friday, September 5, 2008. In a letter dated September 4, 2008, BC Hydro requested that, since other Intervenors had requested further Information Requests, it would be appropriate to delay filing its evidence until a further procedural order had been issued.

After reviewing the submissions and requests from the parties the Commission Panel has determined that it will allow a second round of information requests to be submitted by Monday, September 15, 2008, with responses from the Companies to be submitted by Monday, October 6, 2008. A Commission Order on further process will be issued in due course.

Yours truly,
