Dear Ms. Sofield:

Re: British Columbia Hydro and Power Authority  
Transmission Service Rates Customer Baseline Load F2009 and F2010 Application

On December 21, 2009, BC Hydro applied to the Commission for approval of a new set of Customer Baseline (CBL) Determination Guidelines for industrial customers receiving power under the Transmission Service Rate schedule (RS1823). Following review of the application, the Commission issued Order G-16-10 approving the Guidelines.

Order G-16-10 included a directive that the new CBL Guidelines would take effect subject to Commission approval of a revised RS1823 Tariff. On March 8, 2010, BC Hydro submitted a revised version of RS1823.

The Commission determines that the revised RS1823 fulfills the directive described in Order G-16-10. Please find attached signed copy of RS1823 for inclusion in the BC Hydro Tariff.

Yours truly,
