**RECONSIDERATION BCHYDRO/BCTC
ILM DECISION EXHIBIT A-3**

To: British Columbia Hydro and Power Authority
ILM CPCN Registered Interveners

Re: British Columbia Transmission Corporation
Project No. 3698506
Interior to Lower Mainland (ILM) Transmission Project
Certificate of Public Convenience and Necessity
Court of Appeal Reconsideration
Application for Reconsideration of ILM Decision

In response to the British Columbia Utilities Commission (Commission) Letter L-11-11 dated March 9, 2011 requesting comments on the reconsideration application submitted by the NNTC/ONA/Upper Nicola, Hwlitsum First Nation filed a submission on March 23, 2011 (Exhibit C5-1) raising a number of new alleged errors on the part of the Commission that were not raised in the NNTC/ONA/Upper Nicola's application for reconsideration.

BC Hydro responded to the Hwlitsum's submission on March 28, 2011 (Exhibit C2-4) requesting an opportunity to provide written comments on the additional issues for reconsideration raised by the Hwlitsum in their letter.

The Commission Panel has reviewed the submissions and considers that in the interest of fully considering the issues involved in reconsideration of the Commission's decision, BC Hydro, Interveners and Interested Parties should have an opportunity to respond to the Hwlitsum's submission.

BC Hydro, Interveners and Interested Parties are to submit their written comments, if any, on whether or not the new errors alleged by the Hwlitsum meet the threshold requirements for phase one of reconsideration to the Commission by Tuesday, April 5, 2011. The Hwlitsum are to submit their written reply, if any, to the Commission by Tuesday, April 12, 2011.

Yours truly,

Erica M. Hamilton
