Dear Ms. Roy:

Re: FortisBC Energy Inc.  
Application for Approval of a Compression Rate for Public NGV Refueling  
At FEI Surrey Operations Centre

On July 8, 2011 FortisBC Energy Inc. (FEI) applied to the British Columbia Utilities Commission (Commission) for approval of a new rate schedule, effective rate and rate calculation for providing Compressed Natural Gas (CNG) fueling services to the public from existing compression and dispensing (C&D) facilities at its Surrey Operations Centre (the Application). The Application is submitted pursuant to sections 59 to 61 of the *Utilities Commission Act* (UCA).

The Application was copied by email to registered participants in the proceeding for the CNG-LNG Service application that resulted in the July 19, 2011 Commission Decision and G-128-11. By copy of this Letter Order those same participants, as interested parties to this Application, are invited to submit written comments on this Application.

The Commission orders that the Application should proceed by way of a short written hearing in accordance to the Regulatory Timetable as follows:
