Patricia Robertson
Reliability Compliance Manager
British Columbia Hydro and Power Authority
333 Dunsmuir Street
Vancouver, BC V6B 5R3

Dear Ms. Robertson:

Re: British Columbia Hydro and Power Authority
Retraction Acceptance and Completion of Enforcement Action
Compliance with Mandatory Reliability Standard
FAC-002-0 Requirement 2 – Violation ID: BCUC201000167

On June 30, 2010, British Columbia Hydro and Power Authority (BC Hydro) filed a Self-Report to the Western Electricity Coordinating Council (WECC) addressing possible noncompliance with Mandatory Reliability Standard FAC-002-0 R2. On August 13, 2010, BC Hydro filed a Mitigation Plan and violation retraction request stating it was in compliance with the standard identified above. On July 2, 2012, WECC reviewed BC Hydro's retraction request, Mitigation Plan and related evidence (Evidence), and determined the Evidence demonstrated BC Hydro was in compliance with FAC-002-0 R2 at the time of its Self-Report.

In a letter to the Commission dated July 3, 2012, WECC informed the Commission it had withdrawn the violation and no further enforcement action would take place with respect to this matter.

The Commission has reviewed the correspondence from WECC and acknowledges the retraction.

Yours truly,

Erica Hamilton
