**BEFORE:** D.M. Morton, Commissioner May 22, 2014

**O R D E R**

**WHEREAS:**

- A. Order G-123-09 approved the Compliance Monitoring Program (CMP) which provides a process for dealing with violations to Mandatory Reliability Standards (MRS) adopted by the British Columbia Utilities Commission (Commission);
- B. On April 14, 2014, the Western Electricity Coordinating Council (WECC), acting as the Commission's MRS Administrator, issued a Notice of Alleged Violation (NOAV) to Tolko Industries Limited (Tolko) for the alleged violation of the Reliability Standards listed above. The NOAV described the nature of the Alleged Violations and provided an assessment of the severity of the Alleged Violations;
- C. On April 14, 2014, WECC also advised Tolko of its rights under section 4.2 of the CMP, pursuant to which Tolko has 30 days to respond to the NOAV. The CMP also states if Tolko fails to respond within 30 days, the Commission may consider the Alleged Violations in the absence of a submission;
- D. By email correspondence dated May 14, 2014, WECC informed Commission staff that Tolko did not intend to submit a formal response to the NOAV and Tolko was preparing Mitigation Plans for the Alleged Violations noted above;
- E. The Commission has reviewed WECC's recommendation and considers confirmation of the Alleged Violations is warranted.

**NOW THEREFORE** pursuant to section 125.2 of the *Utilities Commission Act* and section 4.1 of the Compliance Monitoring Program, the British Columbia Utilities Commission confirms the Alleged Violations identified above.
