O R D E R

WHEREAS:

- A. By way of Order G-58-13 dated April 18, 2013, the British Columbia Utilities Commission (Commission) approved the Long Term Service Toll Settlement (LTSTS) Agreement between Plateau Pipe Line Ltd. (Plateau) and three Shippers on the Western Pipeline System, effective March 1, 2012 to December 31, 2016. Shippers who have not signed the LTSTS are subject to an interruptible service toll of 125 percent of the then effective toll;
- B. On May 11, 2015, Plateau applied to the Commission for approval of a permanent toll revision on the Western Pipeline System for Taylor to Prince George from \$17.00/m³ to \$18.00/m³ and for Taylor to Kamloops from \$62.00/m³ to \$71.00/m³, effective June 1, 2015 (Application). Plateau submits that the toll revision is required to cover an increase in combined integrity and geotechnical program expenses and to ensure safe and reliable operations on the Western Pipeline System; and
- C. The Commission reviewed the Application and determines that approval of the permanent toll revision on the Western Pipeline System is warranted.

NOW THEREFORE pursuant to section 65 (3.1) of the *Utilities Commission Act* the British Columbia Utilities Commission orders as follows:

- 1. The Western Pipeline System toll of \$18.00/m³ for Taylor to Prince George is approved as permanent, effective June 1, 2015.
