Dear Mr. Loski:

Re: British Columbia Hydro and Power Authority
Interior to Lower Mainland Project
F2016 Q1 Quarterly Progress Report No. 27
Request for Relief from Filing

The British Columbia Utilities Commission (Commission) writes in response to BC Hydro's letters dated July 30, 2015 and August 5, 2015. Initially, BC Hydro requested an extension to file its F2016 Q1 Progress Report No. 27 for the Interior to Lower Mainland (ILM) Transmission Project from July 30 to September 30, 2015. Subsequently BC Hydro requested full relief from filing the aforementioned report for the period ending June 30, 2015. Both requests were received on or after the report due date of July 30, 2015.

The Commission has reviewed BC Hydro's request for relief from filing ILM Report No. 27 and has determined the request to be reasonable. The next quarterly progress report for the ILM F2016 second quarter is scheduled to be filed on October 30, 2015.

Yours truly,
