to Construct and Operate an Interconnecting Pipeline between Kitimat and Douglas Channel**

BEFORE: D. A. Cote, Panel Chair/Commissioner
B. A. Magnan, Commissioner August 14, 2015
K. A. Keilty, Commissioner

O R D E R

WHEREAS:

- A. On July 16, 2015, Pacific Northern Gas Ltd. (PNG) submitted an application to the British Columbia Utilities Commission (Commission) seeking an expedited review for a Certificate of Public Convenience and Necessity (CPCN) and other approvals to construct and operate an approximate 8.8 kilometre interconnecting pipeline between Kitimat and Douglas Channel (Application);
- B. On July 22, 2015, by Order G-122-15, the Commission established a preliminary Regulatory Timetable and sought comments from interveners on whether a written review process or a combination of written (information requests) and a Streamlined Review Process (SRP) is preferred;
- C. Comments received from the British Columbia Old Age Pensioners' Organization *et al.* (BCOAPO) and LNG Canada Development Inc. preferred a written review process while the British Columbia Hydro and Power Authority stated it had no preference; and
- D. The Commission has considered the comments and has determined that a second round of information requests should be allowed in order to proceed with a written hearing, while still accommodating the expedited review requested timeline.
