Dear Ms. Miller:

Re: Sun Peaks Utilities Co., Ltd.
Gas Cost Reconciliation Account and Commodity Rates in compliance with Order G-106-16

The BC Utilities Commission (Commission) acknowledges receipt of the Sun Peaks Utilities Co., Ltd. (SPUCL) commodity cost report dated November 25, 2016 (Report), and additional information submitted on December 7, 2016 (Addendum), in compliance with Commission Order G-106-16. The Commission reviewed the Report and Addendum.

The Commission accepts SPUCL's request that the Gas Commodity Charge remain unchanged at this time, as established by Order G-106-16.

SPUCL is requested to file a report with the Commission by April 16, 2017, on the Gas Cost Reconciliation Account balances, updated forecast propane costs for the following 12 months and, if necessary, proposed changes to commodity rates to be effective May 1, 2017. SPUCL is also requested to provide an update on the options being evaluated to convert SPUCL from propane to natural gas should any significant developments arise.

Yours truly,
