**ORDER**

**WHEREAS:**

- A. On April 26, 2017, FortisBC Inc. (FBC) filed, pursuant to sections 44.2 and 59-60 of the *Utilities Commission Act* (UCA), an application with the British Columbia Utilities Commission (Commission) seeking acceptance of a capital expenditure schedule relating to the proposed Community Solar Pilot Project (the Ellison Solar Project) and for approval to implement Rate Schedules 85A and 85B (Application);
- B. By Orders G-66-17 and G-79-17, the Commission established a regulatory timetable for the initial review of the Application which included a May 16, 2017 deadline for intervenor registration and a procedural conference to be held on June 1, 2017;
- C. Based on the submissions made by interveners at the June 1, 2017 procedural conference and on the written submission provided by Mr. Donald Scarlett on May 31, 2017, the Commission, by Order G-89-17, established an amended regulatory timetable which included one round of Commission and intervenor information requests (IR No. 1), and a deadline for interveners to file a notice of their intent to submit evidence, with further process to be determined;
- D. No interveners filed a notice of intent to submit evidence; and
- E. The Commission has reviewed the Application and FBC's responses to IR No. 1 and finds that establishment of the remainder of the regulatory timetable, which provides for a second round of IRs and written final and reply arguments, is warranted.

**NOW THEREFORE** the Commission establishes the remainder of the regulatory timetable, as outlined in Appendix A to this order.

**DATED** at the City of Vancouver, in the Province of British Columbia, this 17<sup>th</sup> day of July 2017.
