To: Public Utilities

Re: British Columbia Utilities Commission Annual Report Requirements

On December 15, 1994, the British Columbia Utilities Commission (BCUC), in compliance with section 24 (formerly section 29) of the *Utilities Commission Act* (UCA), issued Letter L-36-94 instructing the utilities under its jurisdiction to file an Annual Report within four months after the end of the financial year. On April 10, 1995, the BCUC issued Letter L-14-95 adding an additional employee compensation reporting requirement. On December 18, 2015, the BCUC issued Letter L-45-15 updating the Annual Report filing requirements for changes to the UCA.

The BCUC is empowered to require the Annual Report filing pursuant to section 49 of the UCA, which states that:

The commission may, by order, require every public utility to do one or more of the following:

- a) keep the records and accounts of the conduct of the utility's business that the commission may specify, and for public utilities of the same class, adopt a uniform system of accounting specified by the commission;
- (b) provide, at the times and in the form and manner the commission specifies, a detailed report of finances and operations, verified as specified;
- (c) file with the commission, at the times and in the form and manner the commission specifies, a report of every accident occurring to or on the plant, equipment or other property of the utility, if the accident is of such nature as to endanger the safety, health or property of any person;

Filing Requirements Updated for Summary Information

Consistent with past instruction, to keep itself informed about utility activities, the BCUC instructs the regulated public utilities under its jurisdiction to provide the attached Summary Information table in their Annual Reports, pursuant to section 24 of the UCA.

Sincerely,
