ORDER

WHEREAS:

- A. On February 29, 2024, pursuant to sections 41, 45 and 46 of the *Utilities Commission Act* (UCA), FortisBC Inc. (FBC) filed an application with the British Columbia Utilities Commission (BCUC) for a Certificate of Public Convenience and Necessity (CPCN) for the Fruitvale (FRU) Substation Project (Project) (Application);
- B. The Project includes construction of a new FRU substation with two new 20 MVA transformers, and the subsequent decommissioning and demolition of the existing FRU and Hearn's (HER) substations. Both the existing FRU substation and the new FRU substation are at different sites in the village of Fruitvale, BC. The HER substation is in the community of Park Siding, BC;
- C. By Order G-97-24, dated March 28, 2024, the BCUC established a regulatory timetable for review of the Application;
- D. Due to an internal BCUC error, FBC was not notified of Order G-97-24 until April 4, 2024; and
- E. The BCUC has considered the error and determines that an amendment to the regulatory timetable is warranted.

NOW THEREFORE the BCUC amends the regulatory timetable as set out in Appendix A to this order.

DATED at the City of Vancouver, in the Province of British Columbia, this 5th day of April 2024.
