

ORDER NUMBER
G-34-26

IN THE MATTER OF
the *Utilities Commission Act*, RSBC 1996, Chapter 473

and

FortisBC Energy Inc.
Interim Rates and Agreement for Halton Recycling Ltd. D. B. A. Emterra Environmental
for CNG Fuelling Service at the Annacis Island Fuelling Station in Delta

BEFORE:

B. A. Magnan, Commissioner
W. E. Royle, Commissioner

February 26, 2026

ORDER

WHEREAS:

- A. On February 10, 2026, FortisBC Energy Inc. (FEI) applied to the British Columbia Utilities Commission (BCUC) pursuant to sections 59 to 61 and 89 of the *Utilities Commission Act* for approval of the rates established in a fuelling services agreement (FEI-Emterra Agreement) between FEI and Halton Recycling Ltd. D.B.A. Emterra Environmental (Emterra) for compressed natural gas (CNG) fuelling service at the fuelling station located on Annacis Island in Delta, BC (Annacis Island Fuelling Station) on an interim and refundable/recoverable basis, effective February 16, 2026 (Application);
- B. By Order G-45-22 dated February 22, 2022, the BCUC determined, among other things, that the Annacis Island Fuelling Station met the requirements of a prescribed undertaking as defined by the Greenhouse Gas Reduction (Clean Energy) Regulation;
- C. By Order C-4-25 dated May 2, 2025, the BCUC, among other things, granted FEI a Certificate of Public Convenience and Necessity to expand the Annacis Island Fuelling Station (2025 Expansion) and approved the amended rate design and rates established for the anchor customers of the station to account for the expansion, on an interim and refundable/recoverable basis, effective July 1, 2025;
- D. On January 13, 2026, FEI filed an application with the BCUC for approval of the rate design and rates for the anchor customers of the Annacis Island Fuelling Station, on a permanent basis, to reflect the completion of the 2025 Expansion and actual final capital costs. The BCUC is currently reviewing the application;
- E. On February 9, 2026, FEI and Emterra entered into the FEI-Emterra Agreement which established the terms, conditions and rates for Emterra to receive CNG fuelling services from the Annacis Island Fuelling Station, effective February 16, 2026. FEI states that the rates in the FEI-Emterra Agreement are consistent with the currently approved interim rates for the anchor customers of the station. FEI also states that it will apply for approval of permanent rates for Emterra to receive CNG fuelling services from the Annacis Island Fuelling Station once the BCUC has determined the permanent rates for the anchor customers of the station; and

F. The BCUC has reviewed the Application and considers that the following determinations are warranted.

NOW THEREFORE pursuant to sections 59 to 61 and 89 of the *Utilities Commission Act*, the BCUC orders as follows:

1. The rates established for Emterra in the FEI-Emterra Agreement are approved on an interim and refundable/recoverable basis, effective February 16, 2026.
2. FEI is directed to file an application seeking permanent rates for Emterra to receive CNG fuelling services from the Annacis Island Fuelling Station within 30 days of the BCUC issuing a final determination on the permanent rates for the anchor customers of the station.
3. FEI is directed to refund to/recover from Emterra any variance between the interim and permanent rates as determined by the BCUC following the final determination of the application seeking permanent rates for Emterra to receive CNG fuelling service from the Annacis Island Fuelling Station, with interest calculated at the average prime rate of FEI's principal bank for its most recent fiscal year.
4. FEI is directed to file the FEI-Emterra Agreement in tariff supplement form for endorsement by the BCUC within 15 days of the date of this order.

DATED at the City of Vancouver, in the Province of British Columbia, this 26th day of February 2026.

BY ORDER

Electronically signed by Bernard Magnan
